## Foreign Exchange Students

The Goshen High School foreign exchange program has made a big impact on the students at our school. Carina Reuther, foreign exchange student from Germany, stated "I have liked this experience very much. Everyone is so friendly and I have learned a lot. I wanted to see life in the United States and this program has really helped me get the experience I was hoping for." Goshen High School plans to expand the program for both directions, allowing our students to experience the culture of other countries.

**Q:** Who is your favorite teacher and why?

**A:** DuBois, because even though he has never actually taught me in class he has been a mentor in life."

-Bethany Pollock

**Q:** What will you miss most about high school?

**A:** "The old Red Zone cookies, Super Mileage Club and racing my friends to school."

-Payton Walters

**Q:** In college, what do you plan to major in?

**A:** "Major in nursing and minor in Spanish."

-Natalie Hetler

**Q:** What do you hope your future career is?

**A:** "I would like to be a nurse or a pediatric nurse." - Jordan Stotts

**A:** "I really want to be a physical therapist." - JT

**Q:** Why do you like participating in music classes/activities?

**A:** "All in all, it really just comes down to me enjoying it. I love singing in different chors because of the bonds I make with friends, and the same can be said for musical and Crimsonaires."

- Lukas Thompson

**Q:** What happened during high school that had an impact on you?

**A:** "Taking German with Mr. Collins because of the way he teaches and interacts with the students."

- Quentin Steffen

**Q:** What are you looking forward to after highschool?

**A:** College, freedom, and just being able to do what I want.

- Jose BehanMorillo

**Q:** What does senior year mean to you?

**A:** "No more Freshman, crowded hallways, crappy lunches, M & M days, SAT's, smelly bathrooms and high school."

-Alisha Dandino and Kathleen Morrical

**Q:** What did you enjoy most about GHS?

**A:** "I enjoyed the Redskin environment, but also going to all the different sporting/club events with friends."

## Daniel Rosales

Daniel and his team have had an exciting soccer season this year. After having gone through tough days of practices and nerve wracking games, they won their way to state.

Daniel said "Knowing that we had a chance to make history felt incredible." He also states that he was really nervous during the game because his position had recently been switched and he had to adjust quickly. This minor setback did not throw him off his game though. The team played long and hard until the last whistle blew and they could finally relax because the game had ended and they had the lead!

# Maryna Krasnova

Maryna took a trip to Israel this past Fall. Maryna says that the purpose of the trip "was to experience and gain a better understanding of the truths of the Bible from the places where most of it took place."

On her trip she visited many famous places and landmarks, among these were The Wailing Wall, The Dead Sea, The Garden Tomb, Caesarea, Jericho, Nazareth, Tiberias, Migdal, Capernaum, Tel Dan, and of course Jerusalem. Maryna says that she enjoyed experiencing the different cultural aspects, such as their foods.

An unusual aspect of her trip was the amount of times they had to go through security. When she returned from the trip her adjective of choice to describe it was simply "Amazing." She hopes to return someday to explore more.

## Jose Chiquito

This year Jose Chiquito started a club called "Juntos Con Orgullo" or "Together with Pride." He started this club so he could promote bilingualism and biliteracy through cultural latino experiences.

They go out and teach elementary students about the latino culture. Jose and the other members participate in activities with these children such as breaking piñatas and singing songs to help them learn.

Jose says, "I think that its very important for people to know about other cultures."

This is a very important concept to him as he is also a part of Fusion Latina. Fusion Latina also focuses on culture, they also plan various food drives and the talent show.

# Imariz Miranda

Imariz Miranda had a life changing experience this past summer. Her older brother that she had not seen her whole life came to meet her.

She was very surprised by the visit saying, "They tried to keep it a secret from me so that they could surprise me, but I knew something was going on."

While she was waiting for them to arrive, she went outside to see if they had arrived. Instead, she saw a man in a black hood. This man then tried to talk to her. Imariz was not sure who it was so she went to ask her mom.

While talking to her a mom she had a suspicion that it was her brother. With her suspicion confirmed, she went outside again to hug him and welcome him into the family.

## Emily Moore

Emily has been riding horses since she was little. She now trains, practices and competes with her horses; Patches and AJ.

This summer she won thirteen different ribbons in the Elkhart County 4-H Fair. Emily spends all year practicing for a couple of hours a day in order to prepare for the fair. She participates in a variety of categories such as Run, English Pleasure, Western Pleasure, Halter, Showmanship and Horsemanship.

Emily set a new personal record this year, nineteen seconds for her Barrel Run. She is extremely dedicated to her passion of equestrianism and hopes to make a career out of it one day.

"When you get on a horse, you know if you click with it. That's how I am with my horse."

**Q:** How would your teachers describe you?

**A:** "Happy, I laugh a lot, and funny." -Maria Alonso (Left)

**A:** "Creative, crazy and hardworking." -Kelcie Scott (Right)

# Jocelyn Luna

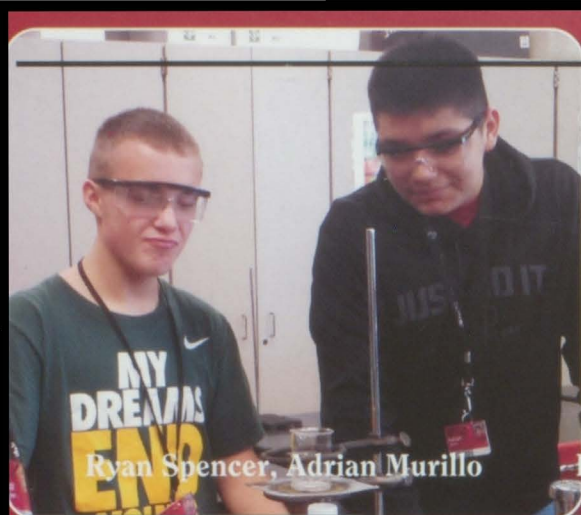

Jocelyn Luna is very passionate about her marching band career. The highlight of her junior year was when they went to the Bands of America regional competition in Toledo, Ohio. On October 4th, they made history by winning first place.

Jocelyn says that she remembers watching the band perform every year at the 4-H fair. This is what lead her to pursue band in the first place. That inspired her to be committed and dedicated to marching band as she has been for the past 3 years.

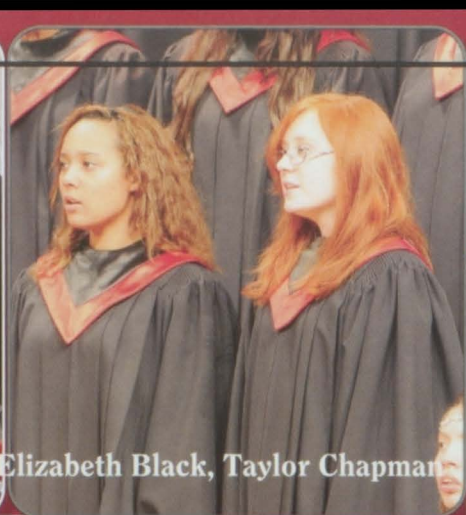

When asked about her time in band she said "It's very fun and a great experience." For her senior year she is determined to continue in the band and make it a memorable year.

# Dominic Walls

Sophomores

45

Dominic doesn't have his driving permit, but is in no hurry to get it. He wants to work at a tattoo shop because he likes to draw, and wants to get paid for his art work. When asked what's something he has learned his sophomore year he said, "I'm a manager for the football team so being water boy stinks". For his future plans he wants to get on the squat board in weightlifting by lifting 325 lbs.

# Collin Hewitt

This summer, Collin went to Colorado to meet his girlfriend for the first time. They started talking on Facebook and started getting serious, so they decided it was time to meet in person. Collin's parents took him there, and they all met. Although they live in different states, they skype to see each other and he plans on seeing her over spring break. While they were in Colorado, they went on a 10 mile hike in the Rocky Mountains together.

## Riley Bove

Riley likes school because it prepares him for the future and gives him something to do during the day. His hardest subject is math because he finds it difficult. "It has always been really hard for me to concentrate," Riley said. His easiest subject is German because it comes naturally to him and language classes are "always pretty easy."

When asked what sophomore year means to him he said, "I haven't had much of a confidence booster since middle school, so this year I participated more and it gave me the confidence I needed." This year he has learned that everything goes quickly in high school. He says, "You usually don't have time for everything that you want to do."

## Q: What is one of your worst pet peeves this year and why?

**A:** When people walk on the wrong side of the hallway because they expect you to move out of the way for them, when they are the ones on the wrong side.

-Taylor Cordell (Right)

Sophomore Alec Lehr says he doesn't feel like a sophomore because of his nickname. His football coaches call him "Freshman".

Upon being asked how he likes his sophomore year so far, he said, "I don't feel all that special." He has always had a deep passion for school, even when he was a freshman.

Since he is a year older, he plans on getting a job at the Supreme China Buffet. Before his junior year, he plans on surviving his sophomore year. His plan for the future is to graduate from high school.

Alexa Jackson (10), Kelly Whittaker

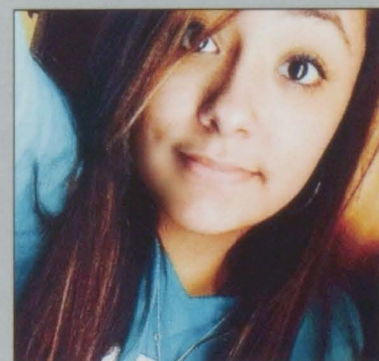

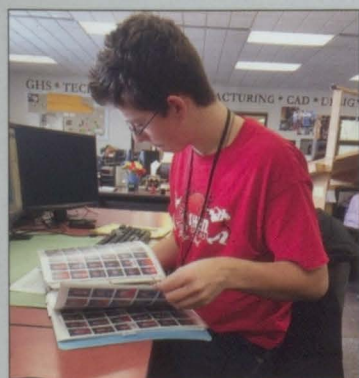

Ariana Perez-Diener (10)

## Q: Who is your favorite teacher at GHS and why?

**A:** My favorite teacher would have to be Mr. Hill because he always tries to put a smile on my face. Ruby Torres (Right)

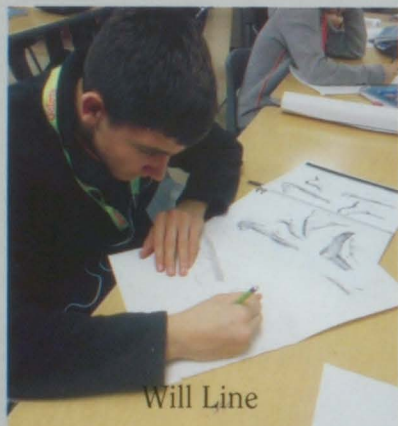

**A:** I have several favorite teachers because they make me want to learn instead of just throwing it on me.

**Q:** What are you hoping to get out of highschool?

**A:** I am hoping that I get preparation for college.

Jonathan Galvez

**Q:** What is your least favorite class and why?

**A:** SRT because it gets boring when I don't have any work to do.

Matthew Yontz

**Q:** Do you have any advice for incoming freshmen?

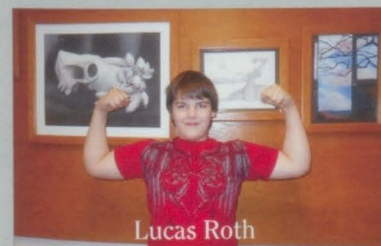

**A:** Get work done early and do not wait until the last minute!

Brianna Bocher

**Q:** Do you have any advice for incoming freshmen?

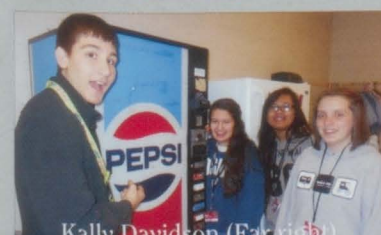

**A:** Just be yourself, get involved, stick to who you are, and don't let anyone change you.

Lucas Roth

**Q:** How do you feel about having to take ISTEP next year?

**A:** NOOOO! I do not like ISTEP or anything about it. I would rather take the ECA and the SAT in the same month.

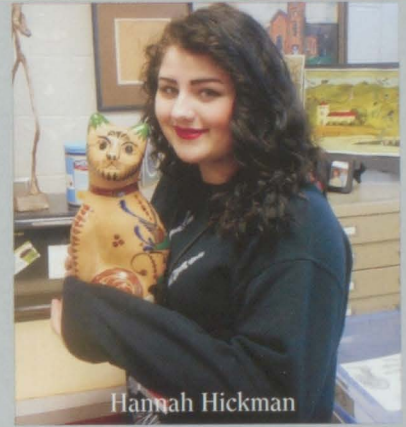

Kelly Davidson (Far right)

**Q:** What is your favorite class and why?

**A:** My favorite class is government because of all the fun projects.

**Q:** What is your favorite class and why?

**A:** Drawing is my favorite class because everyone sees things differently and even though we're all drawing the same thing, each of our drawings are unique to us.

Hannah Hickman

**Q:** What changes to the freshmen courses would you like to see and why?

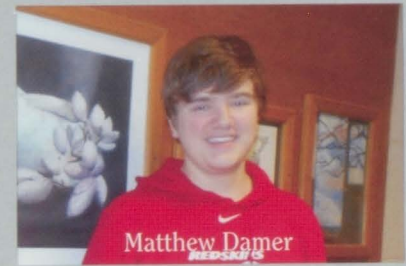

**A:** I would like earphones to be allowed in all classes so we can focus more.

Rene Gutierrez Villa

**Q:** Are upperclassmen actually scary?

**A:** No because I am bigger than a lot of them.

Matthew Damer

**Q:** How do you feel about having to take ISTEP next year?

**A:** I'd be telling stories if I said it's cool. It's really a drag and not fun but I will do whatever I have to.

Shayana Moore

**Q:** Are upperclassmen actually scary? Why?

**A:** No, they're not actually scary, a lot of people become good friends with upperclassmen.

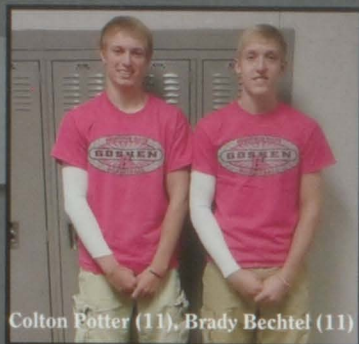

**Q:** Do you have any advice for incoming freshmen?

**A:** Put your schedule in your phone so you don't look lost.

# You Can't Take It With You

November 20 -23

Fall Play

73

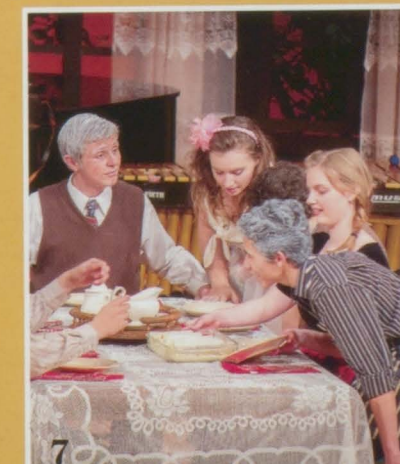

Comedy was returned to the GHS stage in the play, *You Can't Take It With You*. Stunning performances were given by the players as they presented the calamity of the Sycamore Family. The play was set in the late 1930s. Directed by Susan Hepler Long with assistance from Savanna Kimmerling, Andrew Murto, Sarah Noah, and Rusty Emery. The team brought new life to the stage with creativity in stunts and layering to create an evening of masterful comedy by way of a delightful script.

A live kitten and fireworks brought much audience reaction as the story progressed. Molly Hill as Penny and Ian Keim as Grandpa, both lead the production with excellent character presentation. Ben Reimer, Abigail Greaser, Collin Hewitt, and Levi DeMoya brought much laughter to the show as their antics kept people wondering what they would pull next.

When Donald O'Malley (Hewitt) went speed walking across the stage to run to the store, I almost fell out of my seat. It was so unexpected." Harlee Harper, yearbook reporter.

Adding romance and intrigue to the plot, Lukas Thompson and Natalie Neufeld played the roles of the lovers whose family background is VERY different.

No comedy is complete without unexpected calamity. In the show, the police show up to arrest the wealthy Kirby's, the basement blows up due to a smoking pipe being left unattended, a "lit" actress disrupts the unplanned dinner party with her flirtatious antics, and pickled pig feet show up in place of hot dogs for dinner. Large crowds "enjoyed the great comedic timing" that was so well done in this timeless comedy.

**N**ational Honors Society is offered to both Juniors and Seniors who have at least a 3.5 GPA. These students will receive a letter as a sophomore inviting them to be a part of NHS and are required to write an essay stating how they resemble the four tiers of the society; scholarship,

leadership, character, and service. Thirty-four juniors and sixty-one seniors have had the honor of becoming a member to help make an impact on our community. NHS meets during second session on the first Tuesday of every month in the auditorium. One of the main priorities for NHS students is volunteering in the Goshen community. Each member is required to complete a total of thirty hours of community service, fifteen of which must be tutoring here at GHS. Lindsey Kroening mentions that one of the reasons she became a sponsor was because she wanted to be involved with a larger variety of students outside of the office. One of Kroening's favorite events is responding to the Santa letters from the Goshen Public Library.

**T**ogether with Pride or "Juntos con Orgallo" is a club that was founded by Jose Chiquito, he established it because he wants the youth to be more bicultural through experiencing the Latino to anyone inside or outside of school. Joining can be easily done by just attending the meetings once a week, also there are two meetings in the Boys and Girls club but you only have to attend one. Also it would be preferable that you had at least one Spanish class or have a desire to learn. The club focuses on teaching children through fun activities. Jose says "making learning fun is most important" The high school club members demonstrate leadership and responsibility when they teach and are a good example for the kids.

**K**ey Club is an internationally recognized service organization for high school students. Membership in the club is \$18 per year, and is open to all students who are willing to provide volunteer service to their community. This year Key Club has 26 members under the leadership of a Student Board of Directors and Faculty Advisor, Mrs. Anastacia Dillman. Locally, they volunteer at organizations like The Salvation Army, LaCasa, and The Window. They also support Riley Children's Hospital in Indianapolis, Children's Lifeline in Haiti, and UNICEF. Key Club's mission is to provide opportunities for its members to serve, build character, and develop leadership. Their motto is, "Caring-Our Way of Life."

**F**CA stands for Fellowship of Christian Athletes. It is sponsored by Mr. Krebbs and Mr. Hutcherson, who have almost opposite life stories, yet both have the same goal: to help bring the students involved closer to God. They meet on Wednesday mornings at 7:30 in Mr. Krebbs' room. This year they started off with only 10 students involved, and they have grown to 50.

There are no requirements except be an athlete and wanting to have a relationship with Jesus. They do many activities, including community service, See You At the Pole, packing meals, adopting a Christmas family, sports camp over Christmas break, and the Northern Indiana FCA gathering. Mr. Krebbs says he is involved because his faith has always been important to him and he likes having the opportunity to interact with the athletes that have the same priorities and ambitions as himself. He says, "My faith is who I am, I cannot separate it from myself, and FCA allows me to get to know the athletes in a different way." His favorite event is the Northern Indiana FCA conference, where all the FCA groups from schools in northern Indiana get together and worship. He says it is very fun and inspiring, and he is excited for this year's conference.

**T**he French Club at GHS is open to any student taking a French class. The club meets on the last Tuesday of every month. During these meetings they take the time to learn and experience different cultural things that they would not normally learn in class. On some occasions they all bring in traditional French foods.

Jose Chiquito (11) says, "The crepes are a big favorite." Some of the bigger activities that they participate in are the crepe and Crush sales and their annual Chicago trip."

During their trip they either go to the Art Institute of Chicago or the Chicago French Market. They have recently established an alternating trip schedule in order to give students a new experience each year. On this trip they also play a game called pétanques that is primarily played within the French culture. They also try to give at least one scholarship to a senior French student for their outstanding performance in the course.

A word from the director, Marcia Yost:

"*Pippin* is a show that has been on my mind for a number of years. I fell in love with this musical score years ago. The story is one that speaks to us all...the quest for meaning in life. As we watch Pippin's journey we can relate to his desire to find fulfillment. However, in his quest Pippin's constant need for something more or better causes him to lose sight of the fact that his life is in the journey and what is inside of him. In this show you will see a bit of our GHS musical journey as well. There are hints within from a number of our other productions and a nod to current construction of new music areas....enjoy the magic of *Pippin*."

Much of the show is set in medieval France during the reign of King Charlemagne. The stage and costumes coordinate in style and color to enhance the flavor of the production and were designed by Sue Neeb and Susan Hepler Long. The choreography, by Jennie Sophia, also displayed several musical styles such as Fosse, jazz, and hip-hop. The magical surprises included a full stage canopy being hung in the first few moments of the show. Many props from previous GHS musicals were used in the show including the red flag from *Les Miz*, plumage & butter knives from *Seussical*, Winkie spears from *Wizard of Oz*, the duck from *Into the Woods*, the throne from *Beauty and the Beast*, the benches from *Guys and Dolls*, barrels and windows from *Peter Pan*, cowboys from *Joseph*, and platters from *Crazy for You* and *Hello Dolly*. Stephen Snyder directed the pit orchestra and Caroline Garber assisted in the booth. The 70's style ensemble show was enjoyed by many as students proved they had magic to do.

After the show, the group met and talked to several of the actors then went to Navy Pier to enjoy the sights and sounds of lakeside Chicago. The group of 48 people included GHS students, teachers, and members of the community. They shared a wonderful peice of professional Chicago theatre and a lovely evening with good company.

# Functional Skills Prom

Katie Celis (11)

At GHS, every year we provide a Functional Skills Prom. All of the special needs students at GHS get together with Student Council members in the Whiteman gym and hangout with friends from area schools and just have a fun time.

The amazing GHS lunch ladies provide food for them, and some of our GHS students come and serve them.

It's such a great experience for the functional skills students in Elkhart County. They have a chance to dress up, go for a fun ride, come to decorated GHS, dance, have a meal and meet great new friends all in one glorious Spring Day Dance....

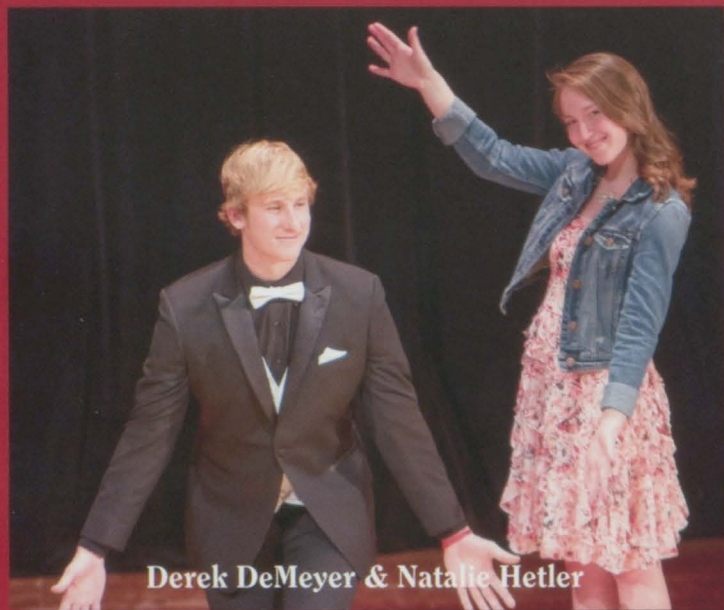

"Thank yous", Smiles and Hugs....are part of the joyous display on this very special day...

*Prom 2015 - Saturday, May 16th - 8:00 p.m. until 12 a.m. - 1100 N. Chicago Ave. Goshen, Indiana*

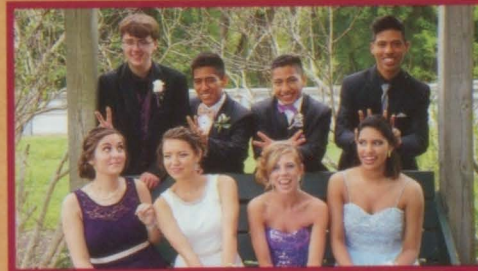

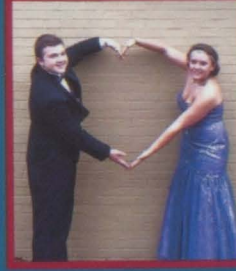

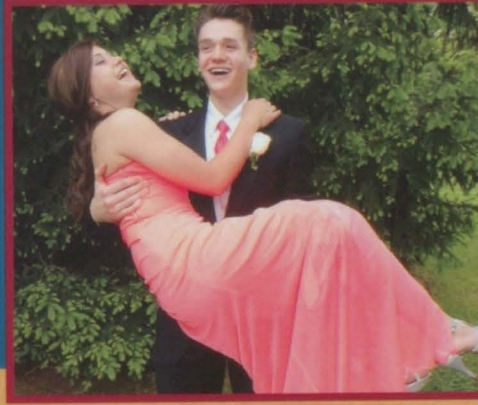

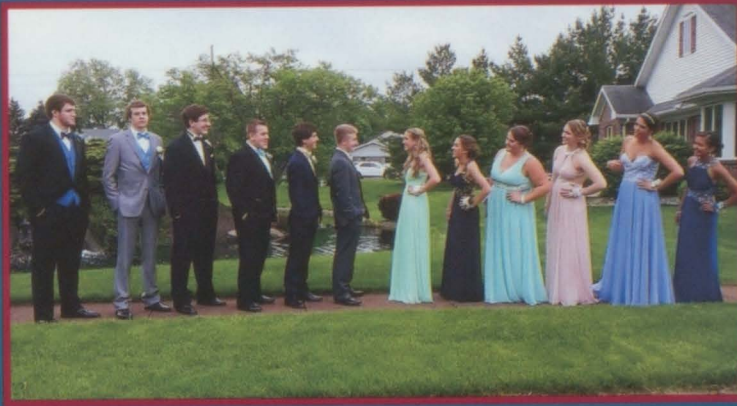

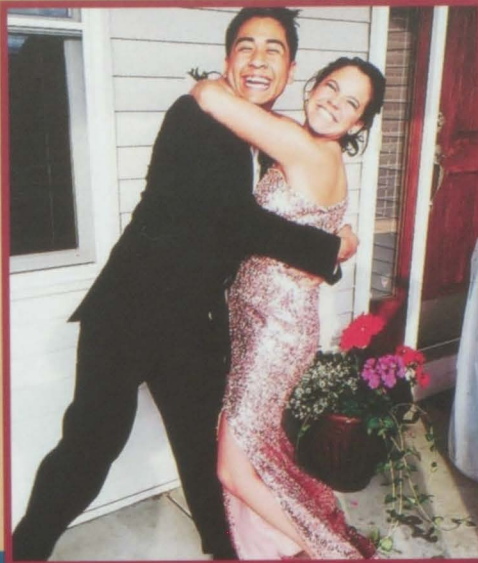

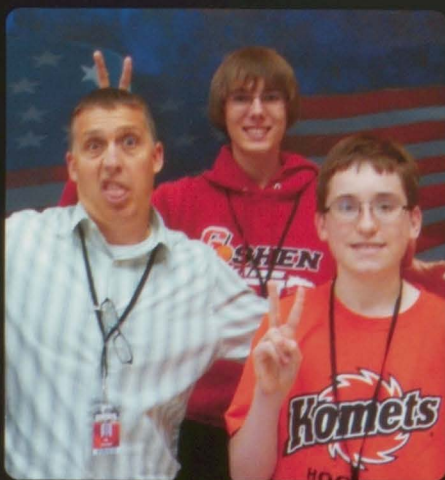

**Dr. Barry Younghans**

Mr. Younghans is someone that is engaged in what he does. He absolutely loves kids. He loves people in general. He's a people person, and with him being principle, that definitely comes in handy. "Mr. Kirton left, and I had always seen being a GHS principle being a challenge. The opportunity presented itself and I took it." Mr. Younghans has four children Laura, who is an English teacher. Katie, who graduated and is now a special needs teacher. Jen, who is a senior and a full IB student. Then Ben, who had a heart transplant, and is now a social studies teacher. Mr. Younghans has many different hobbies. He loves being with his family. He also loves to walk, read, and play golf. He played tons of sports; Baseball, Football, Basketball, wrestling. Baseball was his best sport and he carried on playing in college.

## #administration

**Mr. Brian Bechtel**

**Q:** What is your role as an administrator?

**A:** I am the assistant principal that is in charge of the sophomore class. I am also involved in attendance, discipline, and supervision.

**Q:** What is your favorite school-organized activity?

**A:** Besides basketball, I enjoy going to the musical every year. I think it is great to see the amount of hard work and talent that kids put into the production, but I don't really have a favorite.

**Q:** Did you go to GHS, and if not, why did you come here?

**A:** I graduated from Fairfield Highschool. I came to Goshen to be the head boys basketball coach and to be closer to my family.

*"I think being around kids keeps you young and it gives me a good feeling."*

**Mrs. Kelly Whittaker**

**Q:** What do you do in your free time?

**A:** I like spending time with my family and dogs, also my time on social media.

**Q:** What did you do before you became an administrator?

**A:** I was a special education teacher and a coach.

**Q:** Why do you enjoy being around the students?

**A:** The students bring joy to my life!

**Q:** What made you want to become a freshman principal?

**A:** I enjoy working with the students and helping with the transition from middle school to high school.

*"My job is very rewarding."*

**Mrs. Kim Gallagher**

**Q:** How did you end up at GHS?

**A:** I worked at the elementary level, then at GMS and now here at GHS. I replaced the role of Mr. Harl and Mr. Tonk in a way.

**Q:** What is your role here as an administrator?

**A:** I am an assistant principal and in charge of the senior class. I also deal with discipline, the master schedule, data and 1 to 1 computing.

**Q:** What do you do in your free time?

**A:** I like to read, play volleyball and watch my kids play sports.

**Q:** Why do you like your job?

**A:** I enjoy working with the students, educating the kids is very most important. I also like my team of co-workers. The staff does everything to help the students succeed to excellence.

*"I believe in Goshen Schools and I'm glad to be a part of it."*

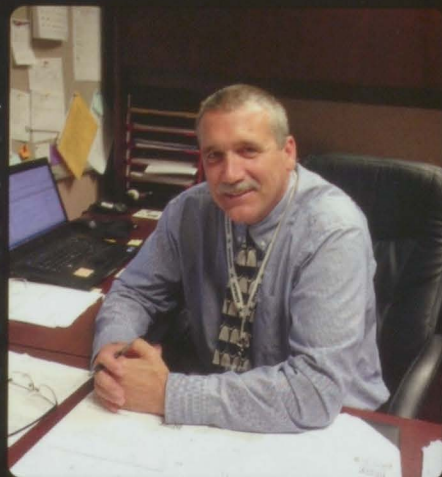

**Mr. Jim Pickard**

Jim Pickard is the new 11th grade principal. After being a gym teacher and coach for 22 years, becoming a principal gives him a new challenge. The new job is "busy and takes a lot of time" says Pickard.

His main responsibility is to be in charge of the junior class. He also is in charge of exchange students, school safety and all testing such as the ECA and PSAT. Having so much responsibility, Pickard's main goal is to "not lose contact with kids."

Even with the stressful job Pickard says he would never give up his position as wrestling coach. He is and has been dedicated to the team for a long time and the results show. The GHS wrestling team is one of the best in the state.

Even though being a principal is hectic and sometimes overwhelming, Pickard says that the change in dynamic is a good thing and that he is looking forward to what will come.

## Thoughts on IB:

As said by Jennifer Younghans, a senior at GHS, "IB has been a wonderful experience. It has taught me to better understand multiple perspectives and world views. Theory of Knowledge (TOK) is the best class I've ever taken at GHS.

The kids in TOK soon become your really good friends. I think IB has helped me grow both in academics and my personal life. Ultimately, IB has been a really eye opening experience for me".

Whether you take one IB class, or the full IB diploma, the IB experience is eye opening. It is an eye opening amount of homework, but more importantly IB explores connections. It prepares you to be critical, well-rounded thinkers. In IB classes we explore connections to other "areas of knowledge" (a TOK term for subject areas) and overall global impact. Because of this interconnectedness, IB also forces us to consider different perspectives, whether it's the Historical Investigation for IB History, or the daily discussions in TOK. I have also developed a habit of thinking in "to what extent" questions, which is indicative of considering all perspectives. It's hard not to be really good friends with everyone in TOK; we make each other better thinkers, and TOK is a class where we can relax and discuss our opinions. It's a really supportive environment. After having been a full IB student for almost a year, I can tell that IB and TOK have brought out the best learner that I could be. IB students exhibit the learner profile traits, so we are: inquirers, knowledgeable, open-minded, caring, thinkers, risk-takers, communicators, balanced, principled, and reflective. I'm still working on the "communicator" part, but IB is definitely helping me grow. -Sophie Troyer

The English department is the largest department at GHS. Every student has to have 8 English credits to graduate. In addition to "standard" English classes, to get an English credit; you can take Stratford, Yearbook, Newspaper, or Leisure Reading. Sue Neeb, English Department Chair and teacher at GHS for 35 years, says the English Department works very hard to see that their students are successful in reading and writing.

Test Scores at GHS have improved to the extent that it has recieved a B rating by the State. The whole school is enlisted in the TAP program, but ultimately the pressure is on the English Department to see that the literacy of each student is the best that it can be and the test scores reach a certain level.

# #yearbook

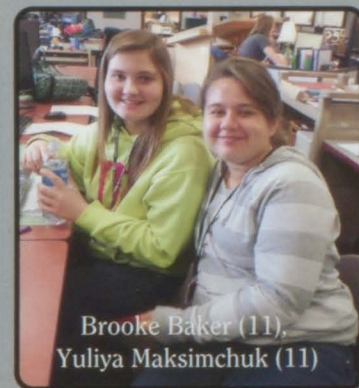

The yearbook class works year round in order to create and complete each yearbook. Each book has a theme that is chosen and carried out by the class through their designs. The students attend events in order to take pictures and complete their pages. Alongside the student's pictures, there are professional photographers that also attend events in order to capture as many memories as possible. After being run by Susan Hepler (Yoder) Long for 22 years, the yearbook will be handed over to new hands.

Parting thoughts: *"Real life is not waiting for someone else to do your work, but YOU finding the joy in working hard, completing a project and thanking those who helped you reach your goals. Following up on a commitment will get you farther than any promise ever made or any grade ever earned. If I had the power, I would see that every student was given the funds to purchase this outstanding book, a collections of times and memories too amazing to forget."*

Tomahawk is the official newspaper of Goshen High School. The students are in charge of coming up with and writing interesting and creative articles. This class allows students to improve their writing skills as well as their interviewing abilities. This class is offered to sophomores and up and is currently run by Sarah Noah.

# #Stratford Experience

Students hang out in the square in the town of Stratford. Unique shops and street vendors add a lot to the experience for Americans who are used to so many chain companies everywhere. Listed from left to right are: Ben Meyer-Reimer (12), Brooks Chupp (12), Lukas Thompson (12), Zach Ganger (12), Ashley Taylor (11), Sydney Cox (11), Abigail Greaser (11) and Cassandra Brown (11).

The Stratford Experience is a course for students interested in furthering their study of theatre, mainly Shakespearean theatre, but other writers are included as well. The class differs from year to year based on the performances at the Festival in Stratford, Ontario. While on the trip students get to participate in acting exercises and classes. They also get to watch productions such as this year's *Hay Fever*, *King Lear*, *Crazy for You*, *A Midsummer Night's Dream* and *Man of La Mancha*.

The Marine Biology program is open to students who have completed or are enrolled in an advanced biology class. The class involves a series of Saturday morning classes in order to prepare the students for their trip to the Florida Keys. This program has been around for 42 years. The trip involves a lot of hands on learning and activities such as snorkeling and night fishing. The class also visited the Turtle Hospital and a water treatment plant. The students get to go on various tours and excursions. It is a fun experience that helps get students more engaged while learning about marine life.

## Favorite Memories...

"The ocean was beautiful and going to the island with the fort we visited was very fun. It was amazing to see how time has altered the location."

- Jacob Wiese (12)

"I realized, along with my classmates, how beautiful marine life is, and at the same time I realized that we are the ones causing them harm. I liked learning along with them and being able to help."

- Maria Lopez (12)

"My favorite part was probably visiting the turtle hospital or collecting specimens on the rocky coast."

- Molly Metcalfe (11)

"Mr. Weaver kept mentioning that we, as humans, have a choice of being a part of the world or apart from it. This trip has helped me gain a better appreciation for marine organisms and it was a wonderful experience."

There are the basic classes, and then there are the more advanced classes. After completing the required gym classes students can sign up for classes such as Fit and Feel Good, where they play games and have fun to stay in shape, or Weight Lifting, which helps with strength and general physical development. The advanced classes are great for student athletes trying to stay in shape during their off-season.

He loves working with students and seeing them learn and grow everyday. He also said, "Most days are not hard because I know them well enough that I know the difficulties they have and how to help them." The functional skills students participate in a variety of different activities, from Art classes to Weight Training. Each student has the opportunity to learn skills that will help them later in life.

We have math classes for advanced students and math classes that are less advanced for people who need a little more help. We also offer IB math courses which help students prepare for college.

At GHS we have wonderful math teachers and the math department chair, Kelly Kissinger, is a great teacher and really tries to make sure the teachers are doing the best they can to help students succeed.

English Learners is a program that helps students become more proficient in the English language. The class is focused on helping the students who are learning English as a second language.

This class is available for all grade levels. Ms. Jennifer Eberly focuses on the first two levels of this program and Mr. Elias focuses on level four and five.

The teachers say that one of the most important things for this class to work is a relationship between the students and the teachers. The students should feel comfortable in the class. Mrs. Eberly says, "They should know that its okay to make mistakes."

GHS provides a class where the students have the opportunity to do the everyday announcements and longer, special feature shorts. The students tell the weather, sport scores, club meetings, and report any current information needed for the welfare of the student body. Special features are created and often acted out by members of the cast.

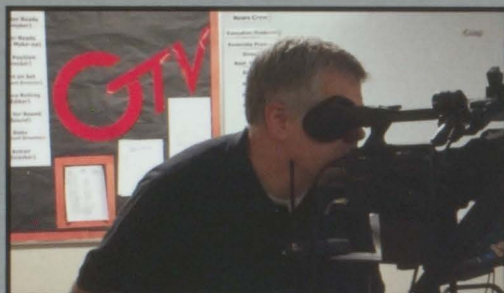

A broadcasting studio is provided for the students with filming, editing and recording equipment. This is a great opportunity for students to learn "real life" expectations of media casting.

A second goal is to start offering more 1st year heritage program classes for the non-english speakers, which would be similar to EL classes.

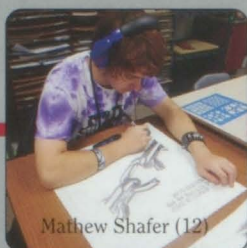

A final goal would be to get more kids involved in the French classes and club. With more kids involved, the French trip could be brought back.

The art department at GHS offers several classes. Students have a multitude of options to choose from such as Drawing, Ceramics, 2-D and 3-D Art, Painting, Computer Graphics and IB art. The classes help students learn new techniques while still doing something fun. They allow students to try new styles of art they would not otherwise attempt.

The art auction is an event that helps IB students pay their fees for the IB Art class. The students put a piece of their own artwork up for sale. The students then ask people in the community to donate money in order to support them. Everything gets put on a website so the staff and our community can start bidding for items.

The silent auction was on November 7th and people from the community came to support Goshen High School students and buy their amazing art. The total amount raised was over two thousand dollars, enough to cover the class exam and extra for other expenses.

# #scholastics

**S**cholastics is an organization that provides an opportunity for young artists to show their work nationally. There are various art categories in which the students can enter such as ceramics, drawing, painting, photography and others. The participating students are juniors and seniors from IB and AP art classes. The art work is sent in and then judged by different types of professional artists. The students are scored on their technique, skill and originality. There are different types of awards given out to the students such as the Gold Key Award (first place) or the Silver Key Award (second place). This program gives the students a chance to be recognized for their work and earn scholarships.

JAG is a class where students can find themselves and figure out who they want to be. At the beginning of the semester they take an assessment of their interests. It gives them a great opportunity to look into careers they can pursue after high school. Every Monday the JAG instructor, Jordan Willsey, has a college representative come to the class and talk about what their school offers and what students need to know about financial aid, scholarship opportunities, loans, grants and much more. "It is a reality check," says Nichole Baker.

"If you don't try hard or work for anything you won't get anywhere," says Mr. Willsey. In JAG, students can expect to learn about careers, colleges, and what they can do to become successful. Some of the topics that the class focusses on are attitude, attendance, accountability, and responsibility. The students also set goals for themselves, both short and long term. Throughout the year they set out to obtain those goals, whatever they may be.

Mr. Willsey will test students in ways that are like real life such as giving them due dates on papers and if they do not turn them in, then they are out of luck! This teaches them that they cannot do things when they want to do them, but instead when they are told. Mr. Willsey is very straight forward with the students. If they are not applying themselves, he will talk to them, and together they decide what needs to be done. How much students put in to it, is how much they will get out of it. Not just in JAG, but in everyday life!

ICE and Internship are classes you can take to gain work experience. You can take ICE if you already have a job and want to work there during half of the school day. You can take Internship if you would like to gain experience in a career field that interests you. For Internship, you meet at school on Mondays during 1st and 3rd period and on block days you go to your placements until 5th period. Students in both classes get graded by their supervisors on their performance. To get into one of these classes you must have a certain GPA and a recommendation from your counselor. I greatly encourage next year's juniors and seniors to apply for this program, it is an amazing opportunity!

# #Spellbowl

The best part of Spell Bowl is the connectedness of the group. For an academic club, we have a lot of fun. There are ten rounds in a competition, with 9 words each. Each member completes a round, contributing up to 9 points to the team score. Several students have completed perfect rounds this year. This year is the second year in a row that the GHS Spell Bowl team has received 1st place in NLC. The team was 2nd at our state qualifying location, and we went on to be 5th in Class 1 at state.

Academic Super Bowl consists of 6 teams: Math, English, Science, Fine Arts, Social Studies, and Interdisciplinary. There are usually 3 students on a team. Each student can compete on up to 2 teams and interdisciplinary, which includes questions from all of the subjects. The great thing about Super Bowl is that you can specialize in the subjects you are best at, and it's fun to compete. Personally, I think it's fun to geek out over the material and then show off. The Ninety-Nines is an international organization of women pilots that promotes advancement of aviation through education, scholarships and mutual support while honoring our unique history and sharing our passion for flight. The mission of the Ninety-Nines is to promote world fellowship through flight, to provide networking and scholarship opportunities for women and aviation education in the community, and to preserve the unique history of women in aviation.

*"But first and foremost, we are women who love to fly!"*

# Winter Guard

Emily Brown (10), Analia Valdez (10)

Nujekhat LaGuerre (10)

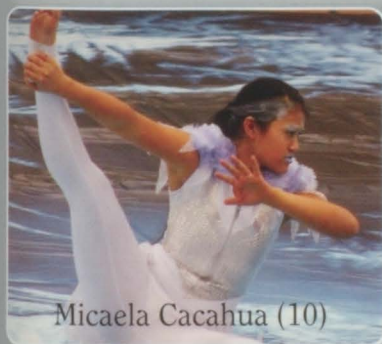

Cathrine Pollock (10)

In Winter Guard you learn the basic skills of spinning a flag, a rifle, and dance. The music is usually ballet and contemporary and a sometimes a little jazz.

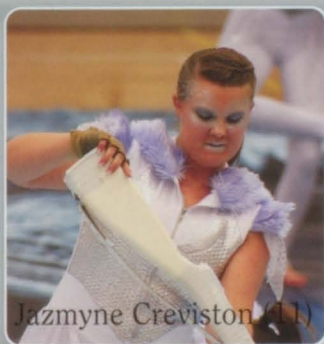

Anyone can join and be a part of Winter Guard. Also it is not limited to only girls, boys can also join. Every year there are competitions for the JV and Varsity. Members have to be committed to practices, which are weekly. The hard work put into the Winter Guard is worth it for the great memories that are created.

## Tyler Born

Tyler,  
We are very proud of you.  
Thanks for allowing us to be a  
part of your friendships and  
many great memories of your  
years in high school.  
We love you, Dad and Mom

## Parker Collins

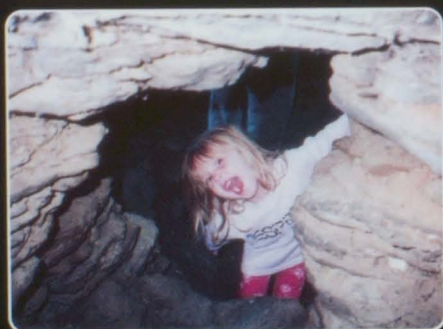

Parker,  
We have loved every minute of  
being your  
parents and look  
forward to  
watching you  
fulfill your  
dreams. Your  
zest for learning  
will take you far.  
The world needs  
more caring and  
compassionate  
people like you.  
We wish you  
the best.  
All our Love,  
Mom, Dad, &  
Austin

## Alisha Dandino

Alisha,  
We are so proud of  
the young woman  
you are becoming.  
Your character and  
smile has always lit  
up a room-take those  
qualities in this next  
season of life and  
light up the world.  
Keep God in the  
center of your life and  
He will open doors  
for you! God loves  
you and so do we!  
Proverbs 31:30  
Love,  
Dad, Mom, & Nick

## Natalie Evans

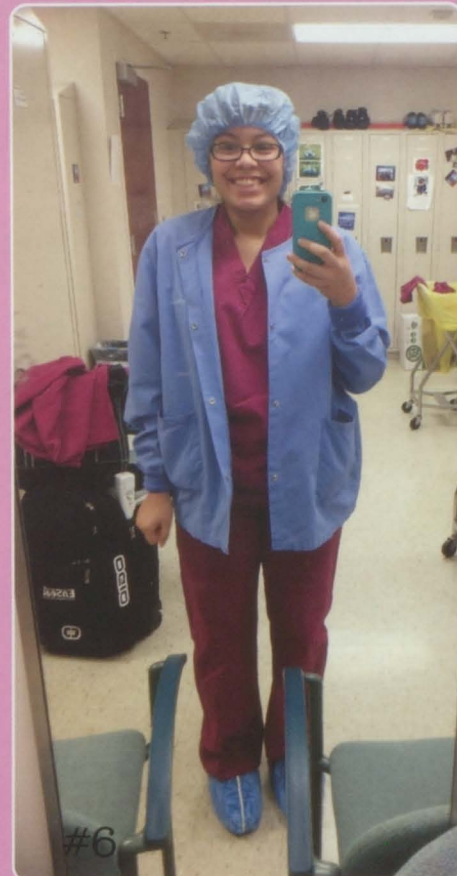

Natalie, Your scrapbooks  
are filled with newspaper  
clippings, awards, and  
certificates. They tell the  
story of your numerous  
and impressive academic,  
athletic, music and civic  
accomplishments. May you  
continue to do great things  
with humility, continue to  
love and serve others, and  
to always grow and learn.  
You have been the light of  
our lives for the last 18  
years. Now use your many  
God given talents to be a  
light wherever you go. Love  
always,  
Mom and Dad

Ecker

Erica,

Have faith and a burning desire to just keep on going no matter what happens. "Be strong and of good courage; do not be afraid, nor be dismayed, for the Lord your God is with you wherever you go." -Joshua 1:9

You will never reach your destination if you stop and throw stones at every dog that barks.

We are so proud of you and know that you will do great things.

Love,  
Mom, Dad and Ben

Megan

### Thanks for the Memories

Susan Hepler (Yoder) Long  
 1988-2015  
 Yearbook & Newspaper sponsor

From cut and paste to  
 computer technology

From 6 tiny Mac computers to  
 a computer Lab in 8020.

Along the way so many students learned the art of story writing, visual design, photography, Journalism Law and the importance of what high school is all about...Team Work. Thank you to all my students who worked on the yearbook, you will always be remembered as a huge blessing in my life.... *Mama (Yoder) Long*
